

#### AR 400 742

Metal housing  
600 CFM  
Inside installation  
Air extraction

#### Installation accessories

Part# 653556  
Additional  $\varnothing$  6" connection piece  
Required when installing up to 3 or  
4 VL 414 downdraft with AR 400  
inline blower.

#### 400 series inline blower

##### AR 400

- Powerful blower for combination with 400 series ventilation systems such as AL 400 retractable downdraft, VL 414 downdraft and AW/AI 442 professional wall/island hood.
- Quiet blower with high-efficiency BLDC technology.

#### Output

3 performance output levels and intensive mode: Sound power and sound pressure depending on built-in situation.  
Air extraction: 600 CFM.  
Power levels depend on the ventilation system.

#### Features

3 electronically controlled power levels and one intensive mode.  
Blower technology with highly Metal housing, zinc-plated.  
Duct connection pieces on air intake side: 1 x  $\varnothing$  6" round, 4 x  $\varnothing$  6" round.  
Duct connection piece on air output side: 1 x  $\varnothing$  6" round.  
Spare cover to close an air intake included with the blower.  
Retaining bracket for ceiling installation or installation on the inner side of a cabinetry comes included with the blower.

#### Planning notes

AR 400 742 inline blower can only be combined with 400 series ventilation systems such as AL 400 retractable downdraft, VL 414 downdraft and AW/AI 442 professional wall/island hood.  
Connection to the respective appliances via network cable.  
Installation in the base cabinet: possible in areas with two cabinet drawers or on the floor with a cut-out in the base cabinet. Panel-free toe-kick possible.  
Installation in a separate room, attic or crawl space allows for a reduced noise level in the kitchen.  
For installation in the basement/crawl space or an adjacent room, refer to the planning information section for 400 series Ventilation systems on page xx.  
When installing a ventilation hood with air extraction mode and a chimney-vented fireplace, the power supply line of the ventilation appliance needs a suitable safety switch.

#### Rating

Total rating: 210 W.  
Total Amps: 2 A.  
120 V / 60 Hz  
Connecting cable not included. Hard wire required.  
16' network cable included.

5x  $\varnothing$  6" ( $\varnothing$  150)  
2 connecting pieces included  
Additional connection piece must be ordered separately.
